Windows LTSC、LTSB、Server 安装 Windows Store 应用商店

下载安装包

打开网址 https://store.rg-adguard.net/

以 PackageFamilyName 方式搜索 Microsoft.WindowsStore_8wekyb3d8bbwe

根据系统选择对应的包,每一种都要下载

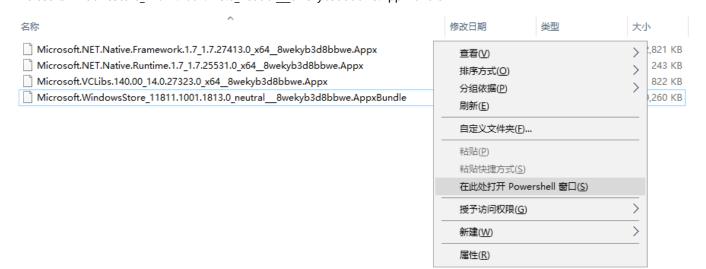

安装

在下载目录按住 shift 键,然后鼠标右键,打开 Powershell

Microsoft.NET.Native.Framework.2.2_2.2.29512.0_x64__8wekyb3d8bbwe.Appx
Microsoft.NET.Native.Runtime.2.2_2.2.28604.0_x64__8wekyb3d8bbwe.Appx
Microsoft.UI.Xaml.2.5_2.52012.2002.0_x64__8wekyb3d8bbwe.Appx
Microsoft.VCLibs.140.00_14.0.29231.0_x64__8wekyb3d8bbwe.Appx

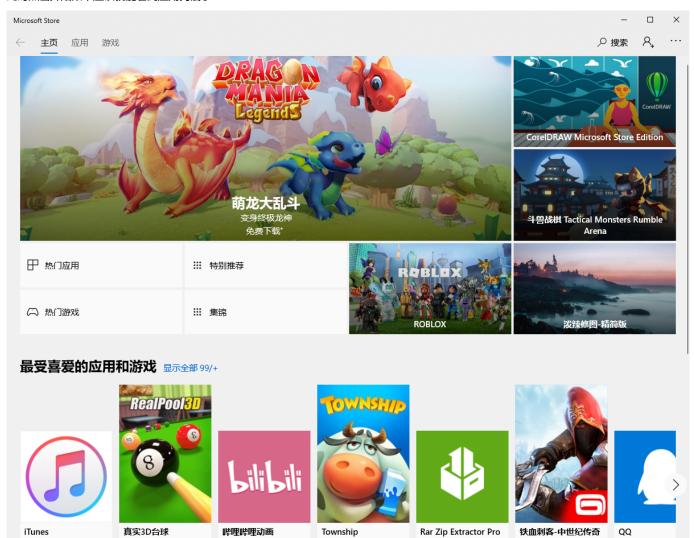

Microsoft.WindowsStore 12011.1001.113.0 neutral 8wekyb3d8bbwe.AppxBundle

执行安装命令,此处只安装了64位安装包,建议在安装时把32位也一并下载安装

#安装该路径下所有包 Add-AppxPackage * ➤ Windows PowerShell PS C:\123> dir 目录: C:\123 LastWriteTime Length Name Mode 2888541 Microsoft.NET. Native. Framework. 1. 7_1. 7. 27413. 0_x64_ 8wekyb3d8bbwe.
